## Looking for the best home loan? I'll help you put all the pieces together

Hi, my name is Odette Waltham, Property Finance Consultant at ooba

My role is to give you free advice on the best way to structure your home loan to suit your personal circumstances. I'll handle the entire application process on your behalf, and source the best deal from all the major lenders.

This way you can be sure of getting the very best interest rate you qualify for, in the shortest possible time. Of course, you're under no obligation to accept any particular loan, but you'll have the peace of mind that when you do, you'll be choosing the best deal.

And what will all this cost? NOTHING - it's on the HOUSE.  
Happy hunting!
